1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 26

## BOYS SUSPECTED IN SCHOOL FIRE

Attempt To Burn Building Is  
Frustrated As Girls See  
Fleeing Youths

SAN FRANCISCO, Nov. 13.—De-  
struction of the Irving M. Scott  
school on Tennessee Street between  
Twenty-first and Twenty-second  
streets, by fire, was averted by two  
fourteen year old school girls, who  
turned in an alarm after seeing  
some boys flee from the building  
and noticed flames and smoke pour-  
ing out of the windows.

According to the police the two  
girls were returning to their homes  
when they saw the boys running  
away from the building. A few  
minutes later they saw smoke and  
flashes of fire inside the building  
through the windows. The flames  
were extinguished by the firemen  
with little difficulty.

The department and police in-  
vestigators found waste paper  
scattered all over the floors in three  
rooms on the second story and in  
one of the rooms of the first floor.

This school had been set afire and  
was blazing furiously when the girls  
men got into the building. On the  
first floor the fire had broken  
through the flooring.

A few minutes more and the  
situation would have been serious.  
Lieutenant Philip Moholy of the  
fire department said.

Police are making a search for  
the youths believed responsible.

## All Fresno Expected To Attend Opening Of Dairy Show

(Continued from Page One.)

The booths and the majority of the  
city's one commercial displays are in  
place. In addition there will be an  
educational exhibit by the California  
College of Agriculture together with  
a separate one by the dairy  
college.

Four cows milked mechanically will  
be a new feature of the gala  
affair and the spectators will obtain  
an idea of how much time is saved  
by this process as well as the ex-  
hibition involved forcing home a  
strong argument for Pure Milk for  
Health Week which started to-day.

A large number had signed the  
registration book by noon to-day  
and a number of committee meet-  
ings were held in the different  
rooms of the auditorium.

At 2 o'clock this afternoon L. W.  
Wilson, president of the California  
Dairy Manufacturers' Association, will  
give an address following by a re-  
port from the secretary and treas-  
urer, Robert J. Dryden.

The topic of the afternoon will  
be the topic of a few minutes  
talk this afternoon by Prof. M. E.  
Jaffa, department of nutrition, Uni-  
versity of California. Other speak-  
ers and topics on this afternoon's  
program include city cabinet ser-  
vice, its abuses and correction, by  
J. Hughes, Hughes Ice Cream Com-  
pany, Los Angeles; relationship of  
the dairy industry division of the  
college of agriculture to the Ice  
Cream industry, Prof. C. L. Road-  
house, University Farm, Davis,  
Calif.; Suburban ice cream deliv-  
ery, William Dreyer, Valley Ice  
Cream Company, Visalia; and co-  
operative brandeis cream advertis-  
ing, K. L. Hamman, Advertising  
Service, Oakland.

The formal opening of the show  
will be held at 7 P. M. to-day.  
Mayor Truman G. Hart will deliver  
the opening address followed by a  
response from San H. Greene, sec-  
retary-manager of the California  
Dairy Council, San Francisco.

Prof. C. L. Roadhouse, manager of  
the show, will then make a few re-  
marks on the scoring of the con-  
tests, followed by the presentation  
of awards by G. D. Turnbow, Uni-  
versity of California, judge of but-  
ter and ice cream, and by H.  
R. Lochry, of Salt Lake City, fed-  
eral department of agriculture,  
judge of cheese.

At 9:30 o'clock a grand march  
will be held, led by the ice cream  
supply men, immediately followed  
by the "ice cream mix" and the "ice  
cream men's mystic entertainment."

which will consist of nine vaude-  
ville acts from San Francisco.

The judges are named:  
Milk and cream, C. P. Hoyt, state  
department of agriculture, Sacra-  
mento; L. A. Raffetto, dairy di-  
vision, University of California,  
Davis; Dr. J. M. Bushong, Los An-  
geles; Cheese, H. R. Lochry, U.  
S. Department of Agriculture, Salt  
Lake City; G. D. Turnbow, Uni-  
versity of California, Davis; T. J. Har-  
ris, inspector, Dairy Products Ex-  
change, Ice cream, C. J. Alford,  
Los Angeles; G. D. Turnbow,  
University of California, Davis;  
Butter, S. L. Denning, San Francisco;  
Butter, O. P. Hunziker, Blue Valley  
Creamery, Chicago; G. D. Turnbow,  
University of California, Davis; T.  
J. Harris, Dairy Produce Exchange,  
San Francisco.

Insurance protecting members of  
the board of education of the Fresno  
schools from liability in case of  
accident to the children while ab-  
sent from school has been obtained  
by the Pacific Slope Dairy Products  
show. It was arranged through  
Sam H. Greene, secretary of the  
California Dairy Council.

Children To Participate  
The feature Tuesday night will be  
the Milk Pailies play by sixty  
school children. The cast has been  
trained by Mrs. Sooy and Miss  
Roush, members of the playground  
staff in Fresno.

A glass enclosed room in which a  
butter cutting machine owned by  
the California Central Creameries  
Company will be in operation will  
be shown throughout the entire  
show. There are only four such  
machines in the United States and  
this company owns and controls all  
of them.

Other conventions to be held dur-  
ing the week at the auditorium in-  
clude the State Milk Distributors  
Association, the conference of State  
Dairy Inspectors, the California  
Dairy Council, and the California  
Creamery Operators' Association.

## Lions Are To Lunch At Dairy Show To-Morrow

The Fresno Lions Club will hold  
its weekly luncheon to-morrow  
noon at the Civic Auditorium as a  
part of its participation in the Pa-  
cific Coast dairy show. Samuel L.  
Greene, secretary-manager of the  
California Dairy Council, will be the  
principal speaker. Greene is a mem-  
ber of the San Francisco Lions  
Club.

Dr. K. J. Staniford will talk on  
the work of Cancer Week. Jess  
Rodman is chairman of the day.

A musical program will be fur-  
nished by the Modesto High School  
band and by Miss Hazel Hogue,  
soloist, accompanied on the piano by  
Miss Lorena James.

## Fresno Architect Will Address Organization

An additional speaker for the an-  
nual meeting of the building materi-  
al dealers banquet to-night is the  
person of R. F. Felchlin, Fresno  
architect and builder, was an-  
nounced to-day by L. J. Allen, sec-  
retary of the organization. Felchlin  
is scheduled to talk ten min-  
utes on the builders' exchange, in  
which he is one of the leading fig-  
ures.

The annual meeting and election  
of officers of the building material  
dealers will be held at the Hughes  
Hotel at 6:30. W. A. Sutherland  
will talk to the organization on  
Planning Building Operations. E.  
A. Newman will talk on How to  
Protect Yourself from the Cheek  
Forger. Vocational talks will be  
made by A. W. Bernhauer and C. C.  
Courtright.

## Aged Man Killed When Struck By Automobile

SAN FRANCISCO, Nov. 12.—Boni-  
facio Trujillo, 50, was instantly  
killed when an automobile driven  
by Samuel E. Beck, struck him  
as he was crossing the street at  
Seventh and Filbert. Beck, wit-  
nesses said, was driving at a mod-  
erate rate of speed and the acci-  
dent was unavoidable.

missioner, Oregon.

G. L. Morton, state dairy com-  
missioner, Fort Collins, Colo.

David L. Peterson, state dairy com-  
missioner, Idaho.

George Webster, division of dairy  
ing, Department of Agriculture,  
Helena, Mont.

C. L. Hawley, dairy and food com-  
missioner, U. S. Department of Agri-  
culture, Portland, Ore.

J. A. Irachon, dairy and food  
commissioner, Salt Lake City, Utah.

S. C. Hunsaker, dairy and food  
commissioner, Boise, Idaho.

#### 23RD ANNUAL CONVENTION OF CALIFORNIA CREAMERY OPERATORS ASSOCIATION, November 17-18, 1922

#### Officers

J. W. Paulsen, treasurer, president;  
H. W. Low, Oakland, vice-president;  
Edward Hooper, Oakland, secretary  
and treasurer.

#### Executive Committee

J. H. Murphy, W. H. Gil-  
bert, Gustafson, John Nolle, Oakland;  
J. W. Paulsen, Treasurer; Edward  
Hooper, Oakland.

9:30 A. M.—Address of welcome.  
Truman G. Hart, mayor of Fresno.  
Response—W. H. Boardell, San  
Francisco.

10 A. M. to 11 A. M.—Marketing

surplus butter. A. Jensen, Los An-  
geles.

#### Afternoon Session

1:30 to 2 P. M.—The part of the  
plant in securing high quality milk  
and cream. J. J. Frey, Department  
of Agriculture, Sacramento.

2:30 to 3 P. M.—The production  
of butter in cooperative  
creameries. C. L. Mitchell, Los An-  
geles.

3:30 to 4 P. M.—By-products  
of creamery. C. E. Gray, California  
Central Creameries, San Francisco.

#### Evening Session

8 P. M.—Butter-making prob-  
lems. O. P. Hunziker, Chicago, Ill.

9:30 A. M.—Coordination for  
constructive purpose. H. H. Rawl,  
California Central Creameries, San  
Francisco.

10:30 A. M.—Why does the Pa-  
cific Coast have a dairy show?  
S. H. Greene, California Dairy Coun-  
cil, San Francisco.

Business meeting.

#### Evening Session

Banquet by creamery supply men.

## NOVEMBER 12 TO 18 HAS BEEN SET ASIDE AS California Better Bedding Week

The object of this is to impress upon you the necessity for Better Bedding of all kinds. A Better Spring, a Better Mattress, Better Pillows, Better Blankets and Comforters, all are necessary for perfect rest, health and contentment. A very large proportion of your life is spent in bed. You should see to it that nothing is overlooked to make your rest healthful and refreshing.

Like everything else, quality counts in bedding. You may buy a mattress of a certain weight, but the filler may be the best of its kind or it may be the worst. The mattress may be made rightly or its manu-  
facture may be slighted.

We have always realized that we can make friends by giving a bed to sleep on which is not only comfortable, but which does not entail the expense of frequent renewal. The first cost is not what counts, it is the Quality.

## DeLuxe BLANKETS AND COMFORTER

Every genuine DeLuxe Bedding bears the trade-mark on the side fall of the spring. Look for it—its your guarantee.

DeLuxe is the most luxurious comfortable bedspring made. It will give you a lifetime of satisfactory service and more soothing delightful healthful repose than you have ever known.

DeLuxe is handsomely finished in Rome Gray Enamel and will fit metal or wood beds (and low-foot wood beds) without any change.

For Bedding Week we are again offering a few special values in Blankets and Comforters. We have them at all prices from the cheapest on up, but those named below belong in the class of BETTER BEDDING.

66x80 Beacon Plaid Blankets, soft and warm; sateen bound edges. A wonderful array of colors and patterns—Blue, Rose, Gray, Tan, Yellow and many others. Truly a great value. Special price ..... \$6.70

70x80 All Wool Plaid Blankets. One of the best values we have ever offered. Comes in Blue, Rose and Tan. Warm and soft. A beautiful blanket. Special price ..... \$11.20

Large size Wool Comforter. Comes in two colors in a very dainty, pretty cover. Blue or Rose with wide plain borders. Extremely light and fluffy, yet marvelously warm. An excellent value. Special price.... \$7.60

A wonderful Down Comforter. Full size. Never have we seen anything finer, even for a great deal higher price. Blue or Rose color; dainty figured center with plain border. Special price ..... \$15.60

## Special Values in Mattresses for This Week

50-pound Cotton Felt Mattress. Imperial edge. Excellent grade of pretty art ticking. Five inches thick. An exceptionally comfortable, well made mattress. Special..... \$14.75

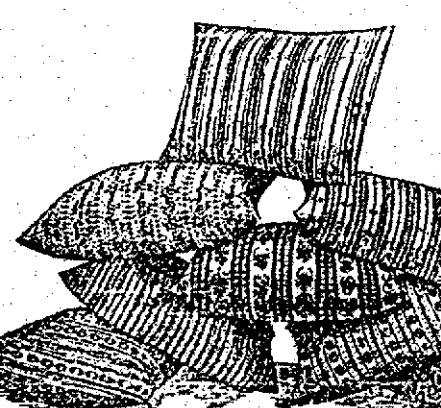

30-pound Floss Mattress. Soft and comfortable. Well made and durable. Our factories tell us there will soon be a shortage of floss. Buy now. Special price..... \$18.25

## A Good Grade Pillow is a Very Necessary Thing For Comfortable, Healthful Rest

Our special Queen of the West Pillow. Size 22x27 inches. A wonderfully comfortable, high grade pillow. Artistic art tick. Special price, each pair ..... \$7.60

Our beautiful Snowdrift Pillow. Size 22x27 inches. Filled with a mixture of high grade goose feathers and down. A fine pillow. Special price, per pair..... \$10.00

OTHERS AT ALL PRICES

## SOCIAL NEWS

**Mrs. A. GARTENLAUB** and **Mrs. J. O. Barron** of San Francisco, who arrived Saturday to be the house guests of Mrs. Frank J. Short, were the complimented guests of Mrs. E. P. Manheim today. The two out-of-town visitors with twelve other guests, motored to the Sunnyside Country Club this morning at 10 o'clock to enjoy a few hours on the golf course, after which luncheon was served at the club house. The luncheon table was prettily appointed with a large bouquet of copper colored chrysanthemums in the center.

Mrs. Florence Bred has invited the members of the Wednesday Afternoon Card Club to luncheon at her home on Roosevelt Avenue next Wednesday afternoon.

Mr. and Mrs. A. Johns have returned from a week-end visit with the latter's relatives, Mr. and Mrs. Fred Bolton at their home in Porterville.

Mr. and Mrs. S. J. Samelson and Miss Sarah Power returned yesterday from a week-end motoring trip to Sutter Creek in Amador County.

Miss Laura Schum will entertain the members of the Wednesday Club this evening at her home. Plans will be made for the dance that the club members will give in December. The members of the club include Misses Hattie Brown, Muriel Buckman, Amy Carlin.

### PERSONALS

George D. Hudnutt and R. A. May of Sacramento arrived in the city Sunday.

Mr. and Mrs. E. W. Chien arrived Sunday from Reno, Nev., to attend the meeting of the ice cream manufacturers.

Mr. Bushard was an arrival Sunday from Bakersfield.

E. H. Hawkins came in yesterday from Merced.

L. H. Mason was an arrival Sunday from Merced.

William H. Gormley, R. L. Nougard and G. E. Kaufman are registered at a local hotel from Sacramento.

Robert Irwin arrived yesterday from Bakersfield.

Mrs. W. E. Crowner came in Sunday from Big Creek.

H. Fulton arrived yesterday from Chico.

L. P. Tucker is here a few days from Sacramento.

E. G. Baker of Madera, spent the week-end here.

Henry Anderson is in the city from Mendota.

A. C. Dye was an arrival Saturday from Tulare.

H. C. Harwood came in Saturday from Sacramento.

Jack Mahon, a Bakersfield lawyer, is in Fresno today.

J. G. Stahl, Santa Rosa business man, arrived here Sunday.

E. H. Watson and party from Missouri stopped here Sunday in a tour of the San Joaquin Valley by automobile.

G. W. Corwin, rancher, is here from Highland.

J. E. Mize and party came in Sunday from San Jose to attend the dairy show.

H. Sloan, insurance man, came in Saturday from Bakersfield.

J. E. Reynolds, cattle man of Burrell, arrived Saturday.

Vernon Woodstock, orange grower of Burrell, spent the week-end in the city.

W. W. Clark of Santa Monica, is in the city looking over the Sugar Pine plant with the intention of building thirty or forty homes.

## ANSWERS GIVEN TO BOOK QUESTIONS

The following are the correct answers to the thirty-five questions for young readers published in The Bee's book-page on Saturday:

- 1—Abdullah (Arabian nights).
- 2—Black Beauty.
- 3—Pied Piper of Hamelin.
- 4—Robinson Crusoe.
- 5—Alice in Wonderland.
- 6—Culliver's (s travels).
- 7—Jungle Book.
- 8—Hans Brinker.
- 9—King Arthur.
- 10—Robin Hood.
- 11—Henry W. Longfellow.
- 12—Mother Hubbard.
- 13—Treasure Island.
- 14—Pinocchio.
- 15—Little Women.
- 16—Sleeping Beauty.
- 17—Held.
- 18—Twenty Thousand Leagues Under the Sea.
- 19—Brave Little Tailor.
- 20—Five Little Peppers.
- 21—Hiawatha.
- 22—Goldilocks.
- 23—Robert L. Stevenson.
- 24—Rebecca of Sunnybrook Farm.
- 25—Robert Bruce.
- 26—Alice in Wonderland.
- 27—Dick Whittington.
- 28—Tom.
- 29—The Sparrow.
- 30—King Alfred.
- 31—At the Back of the North Wind.
- 32—Louisa M. Alcott.
- 33—Swiss Family Robinson.
- 34—Hercules.

**DRY SHIP ARGUMENTS**  
WASHINGTON, Nov. 12.—Motions to advance the arguments on the validity of the Daugherty ruling banning liquor from American ships throughout the world, and from foreign ships in American territorial waters, were made in the supreme court today by shipping interests which are fighting the order. The government agreed to the proposed expedition.

The executive board of the eleventh district of the P. T. A. will meet Friday morning at 10:30 o'clock in the high school building. Luncheon will be served in the cafeteria.

The Hawthorne School P. T. A. Abbott, as president of the association, is arranging an interesting program. A canary bird will be presented to the class that has the largest attendance of parents at the tea to-morrow. Each month the bird will be given the class that has the best attendance at the P. T. A. meetings.

Tomorrow afternoon at 2:30 o'clock the Jackson School P. T. A. will have a membership tea. All members of the pupils in the school are urged to attend. Mrs. W. G.

## CLUBS

## Of Interest To Women

### The Home in Good Taste

By Herald Donaldson Eberlein  
Johannes, author of "Practical Book Binding" and "Decorative Lettering"  
Copyright, 1922, Public Ledger Co.

No. 18—Papers That Are Back-grounds

Wall papers that serve as backgrounds—as the majority of wall papers do—may be of two kinds. They may either be perfectly plain or else they may contain a self-toned stripe or inconspicuous figure, or some very fine figure in another color usually called a powder pattern. Striped papers will emphasize the height of a room. The papers with a self-toned figure or with a powder pattern are ordinarily used in bedrooms or upstairs sitting rooms.

All plain papers do not make equally good backgrounds. The background value depends largely upon color. A plain paper of warm or advancing color, such, for instance, as a warm tan, will decrease the apparent size of a room and seem to swallow up pictures and other ornaments hung against it. A cool gray paper, or a paper of some other receding color, on the other hand, will make a room seem larger and will show up pictures and other wall ornaments to advantage. The color element plays also to self-toned figures and powder patterns.

A room with a cold, northern light will stand a warmer colored background than it would be visible to use in a room with a warm southern, southeastern or southwestern exposure.

### The Latest From Queen Fashion's Court

Copyright, 1922, Public Ledger Co.

PARIS, Oct. 30.—The essence of smart simplicity is this navy serge frock from the house of Martell et Armand.

In spite of neat and trim modesty shown by the somewhat miniature design of the trimming and buttons, it has a frivolous, almost humorous, idea as to sleeves.

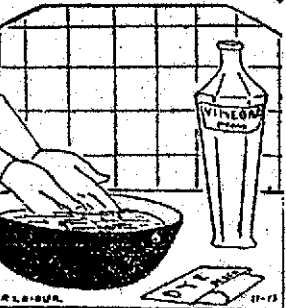

The long, tight lower sleeve is practically a mitten or long glove, that can be removed at will, the short upper part being complete as a sleeve, when desired. So many gowns have these quick-change arrangements.

The bateau neck-line is made of greater interest with a stand-up collar, the edges at either side being inserted, where the bodice appears to open at each side.

EVA A. TINGEY.

### The Housewife's Idea Box

Copyright, 1922, Public Ledger Co.

To Remove Nail-stains From Her Hands  
One would often like to dye a frock or some ribbons, but the thought of staining the hands prevents the adventure. This need not bother you again if you pursue the following method: Put a few drops of acetic acid or strong vinegar in a bowl of water. Place your hands into the bowl and let them remain for a few minutes. Wash with soap and water.

THE HOUSEWIFE.

### What's What

By HELEN DECIE

### What's What

By HELEN DECIE

force the safety signals. In the blocks where these corner crossings signals are inoperative, so that a man or woman who dashes across the street in the pathway of speeding motorists does so at the risk of life.

These interlocking flashes are called "hick crossings," as indicating unfamiliarity with the ways of a great city, and also because such a crossing is a discourteously "hobby" interference with the vehicle's right of way. A well bred woman does not make an embarrassing spectacle of herself by an awkward rush across the middle of a downtown thoroughfare. It is more dignified and less dangerous to obey the traffic laws; to cross a busy street only at the corner, and then only when the semaphore is set with the "stop" signal against vehicles ready to cross the pedestrian's path.

If your grocer cannot supply  
you—telephone, 4456 or call at  
1321 J Street.

You remember the introduction of Forkner Fig Jam last year by the J. C. Forkner Fig Gardens. Last year we called it Fig Jam—but this year we have changed the name to FIG MARTELLA in order to differentiate this product from ordinary fig jam.

It was found to be so pure, so delicious—so delightfully different from ordinary jams that it met with the unqualified approval of the public, and the introductory pack of 6,000 cases was disposed of in just a few weeks. We didn't have enough to supply the demand—so this year we packed a still greater quantity, but even at that we don't believe we are going to have enough to go around, for we are receiving hundreds of requests for cases of Fig Martella daily. The fame of its delicious goodness has spread to all parts of the world!

Fig Martella is made from crushed fresh tree ripe figs and cane sugar, prepared in a way that retains the full flavor of the fresh figs. It is absolutely pure, wholesome and healthful—a jam unsurpassed in quality and flavor, a delightful spread for bread, waffles, hot cakes, breakfast cereals, rolls, etc.

Twelve tins, packed in an attractive carton, ready for shipment by express or parcel post—

Case of Twelve 12 oz. Tins—\$2.00

Shipped To Any Point In The Valley By Parcel Post For 17c

## Forkner Whole Ripe Figs

Forkner Whole Ripe Figs is a new pack—a new way of marketing whole ripe Calimyrna Figs picked fresh from the trees, canned in cane sugar syrup that is not too sweet—but just right. Served just as they come from the can with cream, they are a dainty dessert, or a delightful breakfast fruit. Try them—and give them your approval, as you did Forkner Fig Martella.

Twelve tins packed in cases ready for shipment by express or parcel post—

Case of 12 Tins—\$2.50

Shipped To Any Point In The Valley For 14c

## The Ideal Christmas Gift

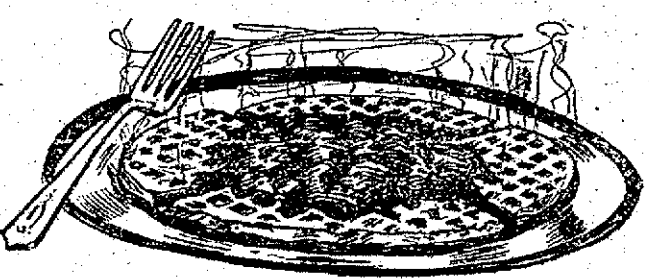

Fig Martella, or Whole Ripe Figs, will make acceptable and appreciated Christmas Gifts. Send them to your relatives and friends. Make your home people a present for Christmas—buy them for the immediate consumption of your family.

Send your orders by mail—telephone, or call at our down town office. We will attend to the details of shipping.

### OUR GUARANTEE

Buy a case of 12 tins of Fig Martella, or Whole Ripe Figs—open it—eat the contents of one can. If you don't like it, return the rest of the case and we will refund your money.

## CANCER WEEK IS STARTED TO-DAY

Medical Profession Begins  
Drive To Disseminate  
Knowledge

Cancer week begins today. Its purposes and nature are told in the following announcement by the American Society for the Control of Cancer, made public in Fresno to-day:

Challenge Issued  
For the second time the medical profession, through an organization devoted to that purpose, presents to the American public a vital message and a serious challenge—50,000 citizens will die this year from cancer, whose lives could have been saved. This country now loses 100,000 lives annually from cancer. About half of these deaths are preventable.

During the week, the American Society for the Control of Cancer will conduct a nation-wide drive to scatter broadcast knowledge of the essential facts about cancer and how it may be prevented or recognized early enough for cure.

For a generation scientific knowledge has progressed with astonishing rapidity. Hundreds of cases of cancer are now cured that would have been hopeless twenty-five years ago. Just what should be done for malignant tumors (cancers) of various kinds in different regions of the body is now understood by experts with great certainty.

The reason for failure in so many cases is that late cancer—far advanced in its growth—is hopeless for any treatment. Only early cancer can be cured. More lives can be saved from this scourge only when everyone in the country thoroughly realizes that cancer must be treated

early and knows the early danger signals by which the disease makes its presence known.

Diseases Eradicated  
Success beyond what has escaped death from the attacks by our community on other diseases. In California, we see but one death from typhoid fever where ten lives were sacrificed in 1900.

Our loss from tuberculosis, the "great white plague" has decreased 50 per cent in the same period of time. Small-pox is a curiosity in a well-vaccinated community and only appears in epidemics when vaccination is neglected. Pityriasis and spinal meningitis have lost much of their terror. Yet cancer has been on the increase. Its death-rate has doubled since 1910. It needs but a moment's thought to see a reason for this increase. Typhoid fever, tuberculosis, small-pox, diphtheria—the diseases against which so much progress has been made—are mainly diseases of youth and young adult life, while cancer is a disease of those past middle life, as a rule. Those who have in recent years escaped typhoid fever, tuberculosis and the other diseases of young people have lived on into middle and old age when cancer is more common.

Death Rate Must Drop  
But because we have escaped death from typhoid fever by tuberculosis is no valid reason for lying down to die of cancer if it can be helped. The cancer death-rate must be cut down. It can be cut down by the spread of knowledge about it to every person in the community.

NEW LAW FIRM INSTITUTED  
District Attorney R. W. Gearhart, his assistant, H. J. Carling and his deputy, Penn Cummins, will make up a law firm to start practice here December 1st. Gearhart stated today however, that this new firm will not begin active work until January 1st, when his term as district attorney expires.

REV. A. C. GRIER WILL SPEAK  
Rev. Albert Grier of Spokane, Washington, will lecture on Truth at the home of Rev. A. M. Westfall, 1024 Divisadero Street, at 8 o'clock this evening.

### Christian Endeavor Union Holds Meeting At First Christian Church Here

The Fresno-Madera Christian Endeavor Union met yesterday afternoon at the First Christian Church. Reports were read and plans made for a Thanksgiving service. Arrangements have been made to hold a 7 o'clock praise service in the open, two miles from town on Belmont avenue.

All members of the Christian Endeavor in this district are urged to be present. November 25th and 26th, the State Executive Committee will meet in Los Angeles. Parker Van Meter, county president, will represent the Fresno-Madera Union. Lawrence Downum of Fresno, will also attend in his capacity as second vice-president of the state union.

Arrangements were made at yesterday's meeting for home-made candy to be sent to San Quentin at Christmas time.

### Identity Of Bandit In Drug Store Hold-Up Still Baffles Police

With every clue in their man hunt already exhausted, police today faced a difficult task in establishing the identity of the unnamed bandit, who, at the point of a revolver, held up the Globe Drug Store, Fresno and Broadway, and obtained \$100 in money last night. What proved to be several valuable clues were discovered by Chief of Police Frank Truxa late last night, but when the information was traced down it proved to be in vain.

### Hardenbrook Murder Case Postponed To-Day

Continuance to 2:30 A. M. by December 1st, was granted by Judge J. E. Woolley to-day in the murder trial of Richard Middleton, alias Frank Stone, Laurel Clark and Chester Boyd, who are jointly accused of the murder of Police Sergeant J. M. Hardenbrook. Attorney Frank A. Henning of Stockton, who has been retained by Middleton's relatives and up to this time has not had sufficient time in which to prepare for the trial, Frank Curran will represent Boyd and Clark.

### Services For Bowles Man Will Be Held Wednesday

Funeral services for John Daniel Bowles, a rancher in the John Daniel Gate Avenue and Octavia Street,

### Man Injured, Three Cars Smashed In Collision

(By Lee Bureau)  
SAN FRANCISCO, Nov. 12.—William O'Connell was thrown from his car and sustained cuts and bruises when his machine collided with that driven by Miss Lavinia Hayes and the two were then struck by a third car driven by Ray Jones. Mrs. Arthur Bohl, riding with O'Connell, was unhurt.

The accident occurred at Golden Gate Avenue and Octavia Street, where the car died yesterday, will be held Wednesday at 10 A. M. at the Fowler chapel of the Beall-Clemens Undertaking Company.

Bankes was forty-two and a native of Rhode Island. He had been in California for twenty years. For the past five years he had made his home at the Bowles ranch. He leaves a wife, Mrs. Mabel Bankes, and six children, Richard, Edie, Ella, Herbert, Lorita, and Velma.

## ASTHMA BANISHED FOREVER

Hundreds of former sufferers are astonished and delighted with the quick and PAINLESS relief they have received from our wonderful new discovery Asthma-Cera. Asthma and Hay Fever, with all their tortures may now be BANISHED FOREVER. Tear out this announcement and send at once to

R. M. B. LABORATORIES 320 Alaska Bldg., Seattle, Wash.

## ROTARIANS HEAR TALK ON FATHERS AND SONS WEEK

Observance To End Next Monday Night With Big Banquet

That this is fathers and sons week became known to every member of the Fresno Rotary Club at noon to-day through the program arranged by W. J. Cooper, city school superintendent. The principal speaker on the subject was Rev. F. G. H. Stevens of the First Methodist Church. The singing of dads and lads songs led by Earl Towner and a sketch by Joe Dale and Clyde Davenport taking the part of father and son were other features.

The attention of members was called to the annual dinner to be given by the Rotary Club at the home of E. R. Bradley, members were each fined \$1.

Earl Crabtree of the Oakland Rotary Club announced the Rotary trip to Honolulu to take place in January, asking members of the Fresno organization to consider the matter.

Five members of the Y. M. C. A. newsboys club were present as guests of Secretary George A. Forbes.

Clubs To Hear Speaker  
Observance of fathers and sons week is the topic on which a speaker will address the civic clubs this week. The publicity committee, one of six which were organized to handle the celebration sponsored by the Y. M. C. A., consists of H. W. Allard, chairman, Dr. W. J. Cooper, E. R. Walker, Henry Avila, E. K. Howard, F. W. Docker, Rev. F. G. H. Stevens, M. D. Hawkins, Baron McLean, Oscar Rogers, Fred L. Schwartz, J. D. Farnham, William D. A. Lombard, Joe Reiss, L. E. Mallory, and H. F. Briggs.

Members of various bodies including Kiwanis, Exchange and University Clubs and the American Legion are serving on special committees. There are also representatives from churches of the city actively engaged in promoting the week as members of committees.

Banquet Scheduled  
The observance of the week ends next Monday night with a big banquet in the First Methodist Church. The observance of the week is for life if the efforts of those in charge are successful, Secretary George A. Forbes of the Y. M. C. A. said to-day.

More than 100 will be present at the dinner, including many fathers and sons. The boy scouts in the city supplied with dads for the occasion by a committee consisting of H. R. Hargrave, chairman, W. E. Wilkinson, Arthur Hutchinson, W. A. Moore and E. E. Hargrave. The principal speaker at the banquet will be Dr. O. S. W. McCall, pastor of the First Congregational Church of Oakland.

Songs on the subject of the week's observance, composed by H. R. Hargrave, director of music in Fresno schools, will feature the musical program. Earl Towner, present supervisor of music, will lead the singing.

## V. Price Brown Buys Otto Nestel Home

Expansion of Fresno's business district has claimed another residence property as a site for future development. It was learned to-day when Levy Bros. announced the purchase by V. Price Brown, secretary-treasurer of the Otto Nestel Co., of the home of Otto Nestel at 1521 L Street.

For a frontage of fifty feet, together with the house, Brown is reported to have paid \$15,000.

Brown is not ready to announce development plans for his purchase.

## Armistice Day Program By Fresno Boy Scouts

Fresno boy scouts observed Armistice Day with a memorial rally Saturday night in the American Legion Hall. Preceding the meeting, the scouts paraded through the downtown section of the city, led by the scout drum corps.

E. A. Thomas, acting scout executive, made the chief address. His topic was "Ten Years From Today." He outlined the accomplishments of the boy scouts in the past and what the boy scout movement should do for coming generations.

Scoutmaster W. H. Brower made an address on "Building Future Citizens." Scout William Haley told "Why a Scout Should Be Loyal."

Scout Commissioner Charles R. Jackson spoke on "A Vision into the Future." The boys present, about 200 of them, sang patriotic songs, led by Acting Executive Thomas.

## Colorado River Problem Discussed By Delegates

SANTA FE (N. M.), Nov. 12.—Confidence was expressed among delegates to the Colorado River commission meeting here that an agreement would be reached at the thirteenth. Formal sessions started Saturday.

Definite plans for settling division of the waters of the Colorado River among seven southwestern states have been discussed. It was learned to-day.

## Don't Bake Raisin Pies

—when you can get delicious ones ready-baked for you by master bakers in your town.

Simply phone your grocer or a neighborhood bake shop and have one delivered, fresh, delicious, and all ready for your table.

Serve one to your men folk and hear what they say.

Luscious, juicy, tempting—made with

Sun-Maid Raisins

## Engineer Tells About Argonaut Mine Tragedy

Dr. L. H. Duschak, who as consulting engineer of the State Accident Commission led an investigation into the cause of the Argonaut mine disaster, told the story of his experiences at a meeting of the Fresno chapter of the American Association of Engineers Saturday night at the Commercial Club.

Dr. Duschak spent three weeks at the mine, arriving there shortly after the tragedy occurred. He concluded his address by giving an outline of the work now being done to prevent big industrial accidents, and said that slusher doors are being done away with, grease cups on machinery are put in more safely available places, and other such steps are being taken to avoid everyday injuries.

Charles L. Kaspke, president of the local chapter, presided at Saturday night's meeting.

## MAN GRILLED TO CLEAR THEFTS OF SEVERAL MONTHS

Felix Lira Believed To Be Man Responsible For Series Of Crimes

Grilled for four hours behind closed doors by Detective Inspector Castellon, who sought to solve long string of burglary accidents, committed late in Fresno, Felix Lira, aged 28, burglar suspect captured last night by R. Thomas Hughes while he was ransacking the latter's home, on-day declared to a writer that slusher doors are being done away with, grease cups on machinery are put in more safely available places, and other such steps are being taken to avoid everyday injuries.

While Lira was being interrogated by Detective Castellon, one of his supposed burglaries, the theft of a coat from a store on E. Main Street, was found in the suspect's possession at the time of his arrest, appeared at the district attorney's office and swore to a complaint accusing Lira of burglary.

Hughes, who lives at 5 Kearney Drive, captured Lira at his home when he returned and found the man in the bedroom. Hughes held Lira until the police arrived. Hughes was instructed to ask the district attorney for a burglary complaint but at a late hour today he had not appeared at the office.

Since his arrest Lira has been examined and cross examined relative to how he came in possession of a trunk full of women's and men's wearing apparel, articles of jewelry, shoes, purses and other articles but has continually insisted that he brought the goods with him when he came here from Montana.

Before putting Lira on the grill Detective Castellon asked The Bee to broadcast word of Lira's capture and the recovery of the supposed stolen goods, and appealed to all Fresnoans, who have been burglars' victims, to appear at police headquarters to identify the articles if possible.

According to Castellon, the prisoner's wife, in a statement to the press, said she had been kept in the habit of bringing articles of wearing apparel and jewelry home to her. When confronted with her statement to-day, Lira expressed surprise and insisted that she must be mistaken.

At the time of his arrest Lira had in his possession baby Hughes' bank, containing a small sum of money, and had prepared to sell it. He also had Gail's Elk's charm, a gold watch and chain and about \$20 in money.

It was at his home that Detective Castellon found the trunk containing what the police believe is stolen property.

## Fresno Boy Is Elected To Debating Fraternity

BERKELEY, Nov. 12.—Clarence Kinchloe, Fresno boy who is a member of the debating fraternity of the University of California, was recently elected to Delta Sigma Rho, national debating fraternity, which has just established a chapter at the Berkeley campus.

Kinchloe has been a prominent figure in debating circles at the State university for the past four years, being chairman of the debating council, which has charged of the national section of the city, led by the scout drum corps.

E. A. Thomas, acting scout executive, made the chief address. His topic was "Ten Years From Today." He outlined the accomplishments of the boy scouts in the past and what the boy scout movement should do for coming generations.

Scoutmaster W. H. Brower made an address on "Building Future Citizens." Scout William Haley told "Why a Scout Should Be Loyal."

Scout Commissioner Charles R. Jackson spoke on "A Vision into the Future." The boys present, about 200 of them, sang patriotic songs, led by Acting Executive Thomas.

## Fresno Woman Dies Suddenly; Cause Unknown

Mrs. Elizabeth Osman, wife of W. H. Osman, a building contractor, died suddenly at 1 o'clock this morning at her home, 1551 Delphi Street. Working just before that hour she complained of feeling ill.

Her husband went into the next room to make a fire during the few minutes which this took, Mrs. Osman passed away.

Besides her husband Mrs. Osman leaves two sons, Carl, 10, and William, 12, and a daughter, 15. She was 52 years old and a native of Iowa. For the past three years she had made her home in Fresno.

Funeral services will be arranged by the Real-Estate Company, and announced later.

## L. A. Bishop To Serve As Apostolic Administrator

SAN FRANCISCO BEE BUREAU, Nov. 12.—Pending the appointment of a bishop of Monterey and Fresno, Bishop John J. Cantwell of Los Angeles will serve as apostolic administrator. It is anticipated by officials of the diocese that he will arrive here Saturday night.

According to present plans both Bishop Cantwell and Archbishop E. J. Hanna will be in Fresno for the election of the diocese on December 2d.

DEPORTERS SURRENDER  
Two young men who said they were deserters from the United States army last night surrendered to the police here Saturday night and requested food and a place to sleep. The men telegraphed to their commanding officer, advising him of their surrender, and that they wanted to return to their company. They gave their names as James Clements and J. A. Hill.

Hundreds of people are buying coats now. Get yours early today.

Substantial coats with large collars of self material of fur. Belted coats with large roomy pockets. Sizes 8 to 14 years.

## The Deductions Of Harvey Hunt

By PHILIP FRANCIS NOWLAN  
(Copyright, 1922, by Public Ledger Co.)

The mental case in the mystery of "Manipulated Evidence" contained a motion picture machine and a reel of film in which an actor and actress impersonating Mr. and Mrs. Wilson played out scenes of opening a safe in a setting similar to that of the Marvin living room.

Motion pictures do waver slightly, and Rothwell told Hunt that he was not sure of the scene of his eyes, though he denied he had since had any trouble with them. Motion pictures do not show colors ordinarily, and Rothwell could not remember the color of the dress the actress wore.

Robert, the disinterested son, had decided a month before to destroy the will in the event of his father's death, and had prepared himself with this reel to "prove" that he had not taken the will from the safe by "proving" that somebody else did. On the night in question he strung up a sheet in front of the window, called Rothwell to the phone, put down the receiver and proceeded to run off the film.

Can you reconstruct the action in The Fifth Shot?

It was 5 o'clock in the morning when Charles Krebs, of police headquarters, found the door of Samuel Glimore's apartment, following a telephone message from Miss Constance, who occupied the next suite.

They found Samuel Glimore in his chair beside the library table dead. There was a bullet wound over the heart. His revolver lay where it had slipped from his fingers, one chamber discharged.

The coroner's physician, who had accompanied the detective, declared Glimore had been dead "five hours or more."

"Suicide," commented Krebs, but when Miss Constance was interrogated she said she had heard angry voices preceding the shot—one shot was all she heard. To the best of her knowledge, she had been in the next suite.

At 11:20 the preceding night, she had fainted and did not come to until hours later, just before she telephoned headquarters.

Must be murder, they mused. Krebs, the police chief, fired a bullet into the air. He had just picked up Freddy Jake about midnight with a sack of flour a bullet in his arm and one chamber of his revolver discharged.

He had shot at that simultaneous time with his own shot the man had fired at and hit him. But Freddy Jake said this was in the bedroom, not the library.

Then things got more confusing. The physician by this time had probed the dead man's wound and found there not one bullet, but two, one on top of the other. In addition the physician pointed out that the revolver lying beside Glimore was only a "fady gun" or a .22 caliber, whereas the bullet which Glimore claimed it was a .32, he had in his arm.

### FATHER, BABE DEAD AFTER RIPON FIRE

Child's Death From Injuries Follows Passing Of Husband

RIPON (San Joaquin Co.), Nov. 12.—The death in a hospital here last night of one-year-old Pearl Brinkmeyer, following by twenty-four hours that of her father, W. E. Brinkmeyer, today left Mrs. Brinkmeyer, both a widow and motherless. The two deaths were from burns sustained when the home of the family on the River Junction Farms was destroyed by fire at 8 A. M. Saturday morning.

Heroic Attempt At Rescue

Featuring the conflagration was the heroic attempt of the husband and father to save his wife and babe from cruel death in the flames.

Fighting through the fire to the bedside of his wife and child, Brinkmeyer managed to carry them to the open air.

The mother and her babe were carried from the burning home, but not until the child's body was badly seared. The father also sustained painful burns. Mrs. Brinkmeyer, was painfully seared about the hands, but will survive. After the rescue Brinkmeyer drove his auto seven miles to this city to the hospital, his wife and babe at his side. He was clad only in a pair of trousers, his torso being bare.

Mrs. Brinkmeyer's grief today at her dual loss was pitiful to observe. Every effort has been made by nurses, doctors and friends in her time of sorrow and grief to add to her comfort.

Arrangements for the funeral of the father and child had not been made today.

### MORE WATER IS NEEDED IN TERRA BELLA

Extension Proposed By District Will Irrigate 300 Acres

TERRA BELLA (Tulare Co.), Nov. 12.—With 4,100 acres under irrigation this season, increased orchard plantings planned for the early part of 1923 will call for an extension of the irrigation service of the Terra Bella Irrigation District. This today was announced by the district, which states the pipe lines of the system probably will be extended to some 200 additional acres.

The proposed extension, according to the district, will come as a result of 200 acres of plums, apricots and oranges to be planted this season by Elliott and Farmer of Porterville, who already operate 550 acres in the district. A number of smaller tracts, most of them ten-acre areas, also are being developed for fruit production.

The Terra Bella district obtains its water from a series of wells, twenty-five in number. Several pumps also are operated by the district. The irrigating season now is ended for this year.

The 1922 water assessments now are being collected, the tax collector having recently mailed out notices to the irrigators. This assessment is \$1.50 per acre of assessed valuation, which runs close to \$7.50 per acre for water. The first installment of the 1922 assessment is due the last Monday in December and the second the last Monday in June, 1923.

Several delinquent assessments now are being paid by farmers, one assessment of 1,300 recently having been paid.

### Stratford Man Hurt On Way To Clovis; Truck Turned Over

CLOVIS (Fresno Co.), Nov. 12.—Jacob Eddy, former resident of Stratford, who was moving to this city to open a business establishment, yesterday sustained a painful, but not serious, injury to his back when a motor truck upon which his stock was being moved became unmanageable and turned over. The accident occurred on the highway, five miles out of Fresno.

Eddy is being treated in the McMurtry hospital here.

TRAINMASTER RETURNS RIVERBANK (Stanislaus Co.), Nov. 12.—Harry A. Kimball is back at his old place as yardmaster at Riverbank, having served as temporary trainmaster for the Santa Fe at Fresno for the past two months. The railroad offered Kimball the position of permanent trainmaster at Riverbank, although he preferred to return to Riverbank.

### Woodlake Ships First Carload Of Navel Oranges

WOODLAKE (Tulare Co.), Nov. 12.—Containing 462 boxes of Thompson Improved Navel oranges, the first full carload for American consumption from Central or Superior California, is claimed here, today began rolling toward the New York auction markets.

The fruit was packed by the Navel Packing Company. It was grown and packed under the direction of which M. A. Hein is the president and principal grower.

Hein today said the fruit had been picked last week and has passed both the color and sugar content tests under the examination of County Horticultural Commissioner Frank Brown of Tulare County. The oranges were selected as of a beautiful color and as passing the light to one sugar test with flying colors. The latter test showing the sugar content to be twelve to one.

What is believed to have been the first orange shipment of the season but for Australian consumption, was made nearly two weeks ago at Exeter. The American requirements, however, are not necessary for fruit sold on the Australian market. The fruit is given some advance preparation here and continues to come on the voyage across the Pacific and the equator.

### Blaze Wipes Out Last Vestige Of Taft Chinatown

TAFT (Kern Co.), Nov. 12.—Fire of undetermined cause yesterday wiped out the last remaining vestige of what once was Taft's largest Chinese quarter. Previous conflagrations caused the destruction of the former buildings in the Chinatown.

Chinese residents of this section moved away one by one as time ago until now there are only one or two establishments in the city conducted by these Orientals. They are in the principal business section.

The loss in yesterday's blaze is estimated at close to \$12,000. Pines left waste were the Standard Furniture Company, Tacy Bill's Chinese restaurant and the Workingman's restaurant.

### School Ground At Caruthers Cleared Of All Apparatus

CARUTHERS (Fresno Co.), Nov. 12.—Pending the outcome of a suit in which the trustees of the Fresno High School are made the defendants, the trustees of the Caruthers Grammar School have ordered all stoves, stoves, and other playground equipment removed from the school grounds.

The equipment will be replaced only in case the court relieves the members of the school board from responsibility in case of similar accidents to students.

### Hughson Farmer Denies He Attacked Dairyman

MODESTO (Stanislaus Co.), Nov. 12.—Denying that he is responsible for the injuries inflicted upon Man-uel Santos, for which the latter asks \$2,000 damages in court here, Frank J. Hughes, a local farmer, has filed a cross complaint.

The damage suit is the result of an attack on Santos who is a dairyman of Hughson. Hughes' cross complaint was made upon him, August 10th, while he was returning from a picture show.

Santos charges that Hughes dragged him from his buggy and gave him a serious beating, injuring his nose and the right of one eye.

His statement is a large, powerful man of great strength. The defendant denies this also.

### Waterford Protests Mad Dumped In Tuolumne

WATERFORD (Stanislaus Co.), Nov. 12.—Claiming that the dumping of mud into the Tuolumne River above Waterford is causing serious injury to the salmon, that are running in the river, a protest has been filed with the State Fish and Game Commission.

The mud comes from the waste resulting from the operation of gold dredger at work a few miles above here.

WASCO CHAMBER MEETS WASCO (Kern Co.), Nov. 12.—The Wasco Chamber of Commerce held a very interesting meeting.

New folders for advertising are being compiled and letters seeking information regarding the possibility of this district were read by the secretary, Dr. B. S. Pore.

A talk on opportunities and told of a meeting of the Rotary Club at Bakersfield that he had attended.

### VISALIA SCHOOL SOON WILL HAVE NEW BUILDINGS

Manual Arts, Gymnasium And Domestic Science Housed In New Structures

VISALIA (Tulare Co.), Nov. 12.—The Visalia Union High School trustees here have accepted as completed three new additions to the school plant representing the expenditure of \$122,000 voted by the people on April 16, 1921. They are the new gymnasium, the manual arts building and the addition to the domestic science building. This gives the school plant seven buildings representing a total cost of nearly \$250,000.

Art Building Needed

The manual arts building contains two work-shops, one for wood work and one for the machine shop and automobile shop. It is 75x160 feet and cost \$45,000. Already it is crowded and the request for admission into both the manual training and machine shop departments has been so heavy as to present a grave problem for next year.

Practically every boy in the high school asked to be allowed to take machine shop work or automobile repairing, whereas only thirty can be accommodated at present.

Gym Well Equipped

The new gymnasium, although a small portion of it will have to be used for class rooms at present, fills a need at the school plant which has been in existence ever since the new high school was built several years ago.

It is 90x150 feet, cost \$57,000 and is excellently equipped with a fine gymnasium. When it is fully equipped, it is said, the gym will represent one of the finest in the San Joaquin Valley.

The improvements at the domestic science department have been equally as extensive and include remodeling of the old manual training building, with extensions and improvements at a cost of \$12,000. It is expected to fill the requirements for several years.

With the growth of the school and the school plant new buses have been placed upon the rural routes until seven are now operating. The latest carries thirty-four students comfortably, the smaller ones seating twenty.

New Grammar Schools

The board is now engaged in studying plans for two new grammar school buildings, one for the northern section of the city to contain ten rooms and to be known as the Carrie Barnett School in honor of the pioneer teacher of Visalia, and the other to be located in the southern part of the city. Additions to the Highland School are expected to put up the remainder of the \$110,000 bonds voted and now available for this work.

These improvements will give to Visalia a total of four grammar schools, three primary schools and the high school.

### WORK ON ROAD OUT OF FRIANT BEING RUSHED

Railway Will Tap Sugar Pine Holdings Near North Fork

FRIANT (Fresno Co.), Nov. 12.—With a steam shovel at work, the halting of the Minaret and Western Railroad, between Friant and Bellevue, in the canyon, some ten miles from here, rapidly is progressing. This is according to announcement made at the company's station here today.

One thousand railroad workers now are pushing the construction of the line, which will tap the Madera Sugar Pine Lumber Company's timber holdings in the North Fork section. The sawmill of the lumber concern, located six miles out of Friant, is under construction. The construction of the railroad is not expected to be completed prior to the summer of 1923, when the first lumber is expected to be cut at the mill here.

The project is being developed by the lumber properties own the railroad line.

### Turlock Women Are Recovering From Injuries

TURLOCK (Stanislaus Co.), Nov. 12.—Miss Mildred Anderson and her mother, Mrs. John Anderson, were injured when an automobile driven by W. H. Bates of Delhi, crashed into them on the highway south of town Saturday evening, have been removed from the hospital to their home.

Miss Anderson suffered injuries about the head and her mother was bruised about the body.

Bates, who rushed the two women to the hospital, said he was in a hurry to get to the city and struck them.

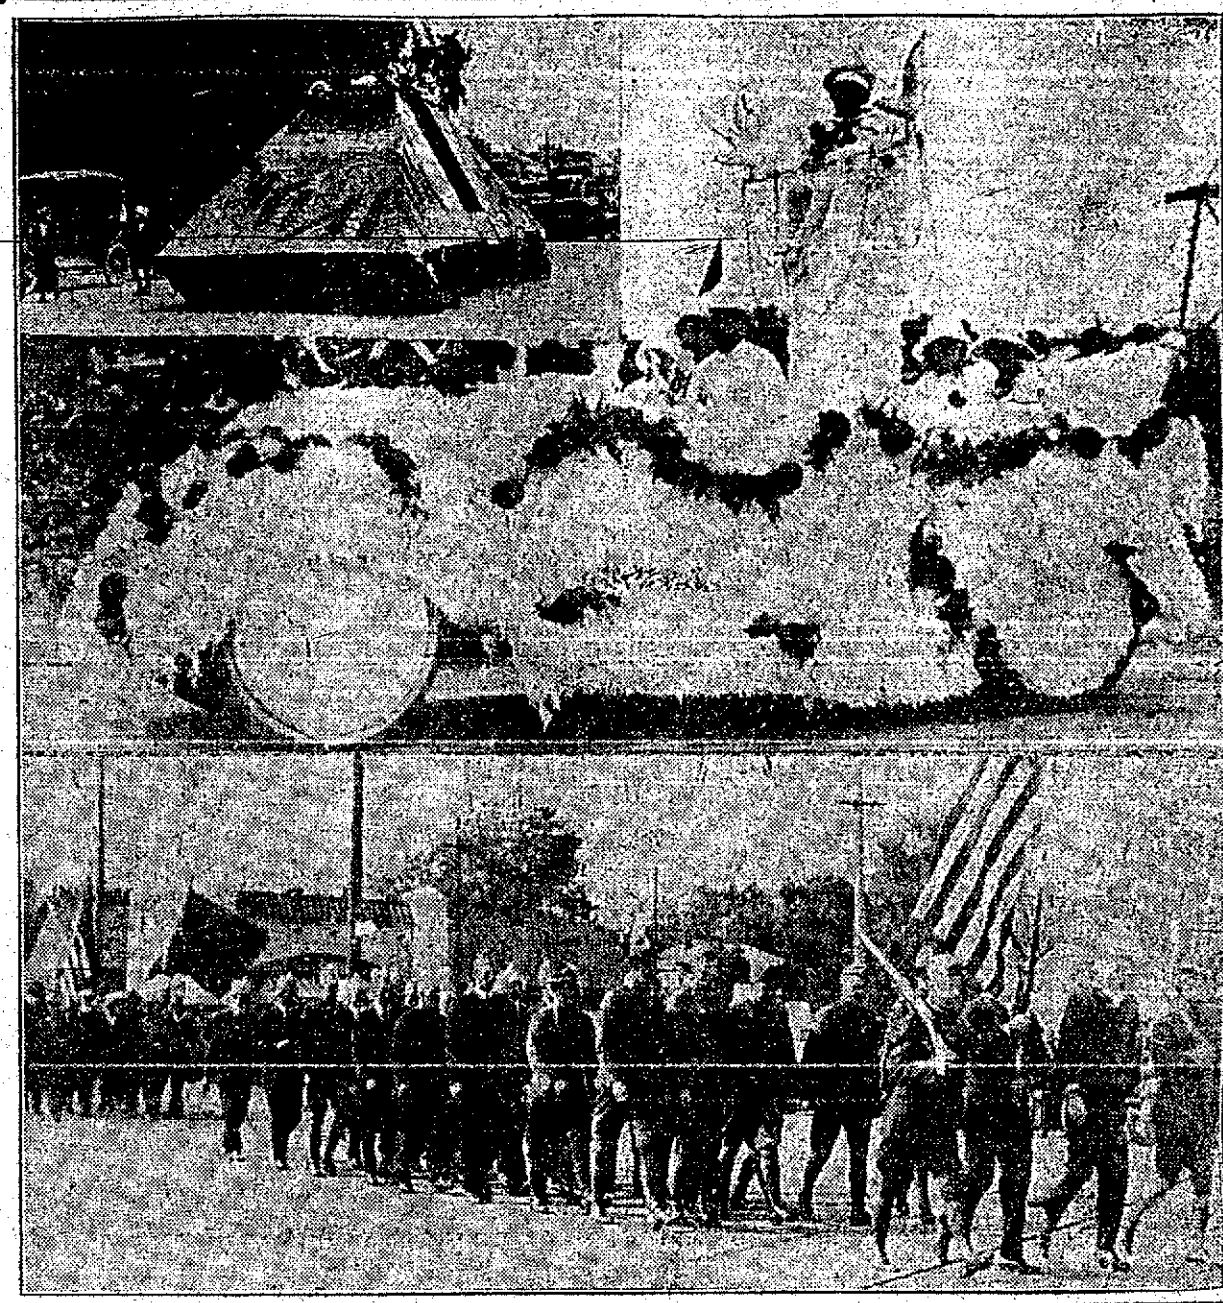

### Masked Bandits Sought By Police In Modesto

MODESTO (Stanislaus Co.), Nov. 12.—Modesto police are combing the city for the two young men, called the "mercury bandits" who disguised with masks and carrying large guns, robbed Henry Peluzzi proprietor of the Europa Hotel here Friday night.

The crimes of the two youths, indicated they were inexperienced at the game, and after looting the cash register of \$125.50, they dropped considerable money in loose change on the floor, which they didn't wait to recover.

The hotel was entered at Peluzzi was closing up for the night, and the money taken was the receipts of the day.

### VIEWS OF Armistice Day Celebrations in three San Joaquin Valley cities—Selma, where all Fresno County joined in homage to the sons and daughters who served during the great World War, now merely history; Dinuba and Visalia. At the upper left is a view of the Visalia Legion "hangout." In the larger upper view is the Japanese float at Dinuba, which won the first prize. At the bottom is the Kingsburg Legion marching in the Selma parade.

### VALLEY CITIES CELEBRATE END OF WORLD WAR

Barbour Is Selma Speaker On Armistice Day; Many Patriotic Events

SELMA (Fresno Co.), Nov. 12.—Congressman H. E. Barbour, speaking before a large audience at a large hall here today, declared the end of the world war, and urged the people to support the United States Government to the disabled men of the World War. Congressman Barbour pointed out that this government has done more for her veterans than any other country.

"We all know that many mistakes have been made," said the speaker, "but it also is true that the sentiment in all branches of the government is to do all that is possible to relieve the conditions of the ex-service men."

He pointed out the work of the veterans bureau, which has resulted in the amalgamation of all agencies into one head, and has eliminated red tape. The speaker said that the bureau has been of valuable service to the ex-service men.

Assemblyman S. L. Heistering of Selma denounced corporate interests, which, he said, have been driving heavy dividends and have continued to reduce wages to the minimum.

Dancing occupied the time of many visitors in the evening. In the afternoon a football game between the Selma and Fresno Legion teams was the feature of the program.

### Kern County Oranges Will Start Moving Eastward Later Than Last Year

BAKERSFIELD (Kern Co.), Nov. 12.—The season for navel oranges is later in Kern County this year than usual. First shipments of oranges to American markets will begin the latter part of this week.

Kern County sometimes ships the first oranges to the market according to Horticultural Commissioner Tomeray the samples are testing about two degrees higher than last year. In 1921 the tests showed a gratifying improvement in the quality of Kern County oranges over those of 1920. This year, however, the same groves have established a record for themselves. It is reported, and shipments from Kern County groves to eastern consumers will be the best ever offered in the markets.

TAFT IS FRONTLESS TAFT (Kern Co.), Nov. 12.—Reports received from most San Joaquin Valley points today stated there had been a frost visitation this morning.

TAFT, however, still remained in the frostless belt, the sky being cloudy and the atmosphere balmy.

### Waters Of Tule River May Be Stored For Irrigation

PORTERVILLE (Tulare Co.), Nov. 12.—J. B. Lippincott, one of the engineers for the construction of the Los Angeles aqueduct arrived here today and will make an inspection of the Tule River Delta to determine whether a survey would show enough runoff of water to warrant the installation of a storage system for irrigation.

The engineer is here at the request of T. M. Gronen, local banker, who recently declared in favor of a Porterville irrigation district, declaring much of the water of the Tule River was going to waste in flood times.

Members of the Tule River Water Users Association, criticized Gronen in resolutions adopted and declared that none of the waters of the river were lost to irrigators.

Lippincott will discuss the matter at a joint meeting of the local Rotary and Lions clubs to-morrow night. J. W. Stevens, of the Pacific Fire Prevention Bureau, also will address the club men at their luncheon.

### DATE IS SET FOR MODESTO RECALL VOTE

December 20 Fixed By Board For Having Ouster Election

MODESTO (Stanislaus Co.), Nov. 12.—The date of the election to recall Directors J. W. Guyler, H. J. Coffee, and C. A. Hilton of the Modesto Irrigation District, at the meeting of the board today.

The petition for the recall of Hilton, which was rejected due to the error in the number of the division, was supplemented today by a petition correctly made out, and bearing a sufficient number of signatures.

The board will issue the call for the election officially when they convene at 2 o'clock this afternoon.

### Hot Lunches Are Served At Grangeville School

GRANGEVILLE (Kings Co.), Nov. 12.—The Grangeville School started this morning to serve hot lunches at noon to the school children, under the supervision of Mrs. Hattie Nolan.

This is the third year of the hot lunch at the Grangeville school, which has worked out very successfully.

It is reported that this petition is properly drawn, and has the required number of signatures.

The superintendent of schools, loses the services of his deputy, Mrs. J. E. Hinton. She and others in the office have been reduced in pay. Sheriff Dallas will lose two deputies, but the two affected have not been named.

### COUNTY OFFICERS IN STANISLAUS WITHOUT JOBS

Start Week Without Work As Result Of Supreme Court Edict

MODESTO (Stanislaus Co.), Nov. 12.—Many deputies employed by Stanislaus County, are without work this morning, as the result of the action of the state supreme court, in overruling the request of San Diego County for a re-hearing of the court's decision that held all salaries increased and deputies' salaries during the term of present officers unconstitutional, and restoring the 1917 wage schedule.

District Attorney Keweenaw instructed County Auditor Kelley to issue effect Saturday, and as a result the officers will be without positions until the first of the new year, when the wage schedule and its provisions will be effective.

The district attorney's office loses the services of Deputy District Attorney E. H. Dixon, and Stenographer Grace Velle.

The recorder's office has lost the services of five copyists and an indexer, while salaries of several others are cut.

County Clerk C. C. Eastin states, however, he will retain Mrs. McComber in her position, and pay her salary himself, as the work of his office is so heavy he cannot carry it on without her assistance.

Mrs. Wilson, chief deputy, and Mrs. M. Wright, stenographer, have had their pay slashed.

The superintendent of schools, loses the services of his deputy, Mrs. J. E. Hinton. She and others in the office have been reduced in pay. Sheriff Dallas will lose two deputies, but the two affected have not been named.

### Brother Of Winton Man Is Dead In Northwest

H. A. Loeke, local businessman, received word Sunday of the death of his brother, William Loeke, at Yacont, Wash. The deceased was Loeke's oldest brother, and whom he had not seen for forty-four years.

### BOY IS KILLED BY AUTOMOBILE NEAR MODESTO

Car Runs Down Youth Riding Roller Coaster On Highway

MODESTO (Stanislaus Co.), Nov. 12.—Julius Courner, 12, nephew of William Nolan, farmer residing on the Crows Landing road, eight miles from Modesto, was knocked from a roller coaster shortly after sundown last evening and instantly killed by an auto driven by Irving C. Lee, jitney driver of this city.

Lee claims he was blinded by the lights of a machine coming from the opposite direction. He was driving two Stockton men to Los Banos for a duck hunt when the accident occurred, the boy was riding "his scooter" in the highway.

The boy was resting with the uncle here, the relative having won the rearing of the child for some time.

Efforts to-day were being made to notify the parents of the boy in Seattle, Wash.

### LOSS CLAIMED BY OAKDALE GAS COMPANY

Concern Files Report On Receipts, But May Protest Tax

OAKDALE (Stanislaus Co.), Nov. 12.—The Oakdale Gas and Electric Company has filed a report with the city trustees showing its gross receipts for the past four years.

According to the franchise under which the company is operating, the company owes the city two percent of this amount for franchise tax. The tax has not been paid for the past four years and the report was filed following a demand by the trustees.

On the ground that the company has been operating at a loss, the company is expected to protest the payment of the tax. Officials have been notified to be present at the next meeting to show reason why the tax has not been paid.

The gross receipts for the four fiscal years, ending June 30th, are as follows: 1913, \$9,810; 1920, \$12,735; 1921, \$14,515; 1922, \$14,162.

### Modesto Newspaper Denies Money Is Due The Former Owner

MODESTO (Stanislaus Co.), Nov. 12.—The Modesto Herald has filed a counter action, asking for \$1,123.82 from T. C. Hocking, former owner of the newspaper.

This is included in an answer to the suit brought by Hocking against the Herald for \$6,000, he claims is due him for advertising accounts collected by the new owners, which he says about the time he turned over to him as part of the sale contract.

The new managers claim he has received all the money due him, and that the amount asked by them for bills paid, after taking over the paper, which had been contracted by Hocking previous to the sale, and which they claim he had agreed to pay.

### Frost Visits All San Joaquin Valley

Light to heavy frosts visited the entire San Joaquin Valley this morning, with the lowest temperature of 32 degrees in Bakersfield and 33 degrees in Fresno. This is according to W. E. Bennett, meteorologist of the United States Weather Bureau in Fresno.

The frost was mainly deposited on the roofs of houses, with very little on vegetation, and Bonnet's believe little damage was done to crops. Large quantities of grapes have been previously damaged, he said, and these not already injured are mainly in such shape that they cannot be hurt.

Another frost may be expected tomorrow morning, Bennett said, but it will not be sufficiently serious to worry about.

County Horticultural Commissioner Fred Houtland said today it was too early for his office to have any information as to the extent of possible damage.

## COAL MINING IN KERN COUNTY IS NEW POSSIBILITY

Bureau Of Mines Issues Permit To Prospect On Government Lands

By LEO A. McCLATCHY  
WASHINGTON BEE BUREAU  
Nov. 12.—Development of a coal mining industry in Kern County is regarded as a possibility following announcement by the Bureau of Mines of two permits having been issued to prospect for coal on government lands there.

One permit was issued to Hyman Smith Woolley of Los Angeles, to prospect on a tract of 2,560 acres, and another to Kenneth Baum of San Francisco for a 450-acre tract. The exact location of the lands was not announced.

No report has been made to the bureau as to whether coal exists on these lands in commercial quantities, the applicants for prospecting permits merely stating they believe coal will be found. If it is discovered in commercial quantities, the government then will carry into effect.

Another prospecting permit has been issued on a 2,200 acre tract in Monterey County to George B. Keane and associates of San Francisco.

**Two New Residences Are Planned At Oakdale**  
OAKDALE (Stanislaus Co.), Nov. 12.—Building continues active at Oakdale and Saturday building permits were issued for two new residences which will be built on G Street between Fourth and Fifth Avenues, by Ben Weaver and A. L. Palmgren.

**Visalia Man Talented As Maker Of Violins**  
VISALIA (Tulare Co.), Nov. 12.—M. S. Adams, colored, of this city is being heralded as a violin maker of exceptional ability. Four of his instruments are declared by experts to be worth at least \$500. He makes them at his home here.

Adams also paints well and has on display an unusual painting of himself done by posing with the aid of a mirror. Adams is 25 years of age and has lived in Visalia several years.

**Waterford Coon Hunt Ends Disastrously**  
WATERFORD (Stanislaus Co.), Nov. 12.—A coon hunt organized by the Waterford Coon Club, composed of some of the local hunters, ended rather disastrously when the quarry they had painstakingly treed turned out to be a skunk.

Solapur fumes drove the animals from hiding, but the hunters were sent into flight immediately after the quarry had vacated his lair for the open air.

**BAND DINNER PLANNED REEDLEY** (Fresno Co.), Nov. 12.—A recent meeting of the Reedley Band Association has chosen the annual banquet and the following committee appointed to arrange for the affair: Joseph Sharnier, A. Terkel, W. E. Sallie, Guy W. Sull, Gilbert Eymann, W. E. LeGros, and Lyle Oliver.

The banquet will be held at the Reedley Study and Civic Clubhouse and the tentative plans now are to have the banquet and a program to be rendered during the serving of the meal.

**WATERFORD LAND SOLD**  
WATERFORD (Stanislaus Co.), Nov. 12.—The land owned by the late Richard Keyes, who purchased a forty-acre improved ranch in the Delhi Colony, south of Turlock.

## BUILDERS ARE VERY ACTIVE IN OAKDALE

Erection Of Two New Structures Adds To Year's Big Program

OAKDALE (Stanislaus Co.), Nov. 12.—Building at Oakdale has made a good record the last month, and with the announcement last week of two new buildings to be started soon, 1922 will be a banner year in building activity here.

If present plans do not miscarry, Oakdale will soon have a new hospital as Mrs. Myrtle Ererra expects to commence construction of a modern brick building in the near future which she will furnish and operate as a hospital. The exact site has not been decided, but several good locations are obtainable, and the plans for the building are being drawn.

Another building planned is a hospital closed last December. Oakdale was without any place to take care of her sick, but two months ago Mrs. Haskell of Stockton, who had been seriously injured as the Thompson Sanitation and since that time has been operating it.

The electors of Oakdale voted to have a municipal hospital last year, and the vote was carried by a majority of 12 to 10. The sum of \$25,000 to provide funds for its construction, it was defeated by twelve votes.

Another building planned is a hospital closed last December. Oakdale was without any place to take care of her sick, but two months ago Mrs. Haskell of Stockton, who had been seriously injured as the Thompson Sanitation and since that time has been operating it.

The present occupants are "Dad's Restaurant" and the plumbing shop of Hoffman and Parnell. The new building will be constructed by Hodson Brothers, they having acquired the adjoining lots to their property owned for many years by John Westbrook of Knights Ferry.

The ground floor will be used for business purposes and a part will be used by the present tenants of the wooden structure while the upper floor will be used as a rooming house.

**Bakersfield Civic Body Elects New President**  
BAKERSFIELD (Kern County), Nov. 12.—The Bakersfield Civic Commercial Association has chosen H. J. Tupman as president for the ensuing year, relieving J. V. O'Connell, whose term of office has expired. Other officers elected are: J. B. Dibble, vice president; Dwight L. Clarke, treasurer and L. D. Blodgett, secretary.

The Board of directors are: R. H. Redgett, W. W. Colm, J. H. Glenn, Everett King, C. W. Newberry. Members of the new finance committee will be Dwight L. Clarke, chairman; H. A. Jastro and Everett King.

**Waterford Coon Hunt Ends Disastrously**  
WATERFORD (Stanislaus Co.), Nov. 12.—A coon hunt organized by the Waterford Coon Club, composed of some of the local hunters, ended rather disastrously when the quarry they had painstakingly treed turned out to be a skunk.

## SAN JOAQUIN SOCIAL NEWS

Students At Hughson Will Give Operetta

HUGHSON (Stanislaus Co.), Nov. 12.—The students of the local high school will present an operetta in the near future. At present much work is being given to the Gypsy Rover by the cast. To appear in the play are Virginia Dore, Marie Armas, James Richards, Lowell Roehr, Ford Jenkins, Paul Young, Margaret Johnson, David Weichert, James Ludwig and Robert Nelson, together with many of the other high school young people who will enliven the many choruses.

The aid society of the Methodist Episcopal Church is giving a play Friday evening November 17. The title is Mrs. Willis Will. The leading roles are played by Miss Mary White, Mrs. H. K. Hamilton, Miss Ethel Gaberil and Mrs. George Ludwig.

**VISALIA**  
New officers who will serve March 1923 of the Chapter, Eastern Star, of Visalia, were elected as follows:

Worthy matron, Mrs. Florence Bradley; worthy patron, R. G. Kuntz; assistant, Mrs. M. J. Townsend; conductress, Mrs. Bertha Sibley; associate conductress, Mrs. Blanche Wright; secretary, Mrs. Ida Markham; treasurer, Mrs. Mary White; and the appointment of officers will be announced by the incoming matron.

Members of the Mid-Week Bridge Club were entertained by Mrs. Gladys Edwards last week. The meeting taking place at the spacious home of Mrs. Adolph Lewis. Mrs. Clayton Edwards will entertain this week on Wednesday.

An interesting and rather unique dancing party was enjoyed at Moore's Grove, near Visalia, Friday evening when the "Primo Pickers" celebrated the twenty-fifth anniversary of their organization.

The organization of ranchers who, in their younger days, harvested the prune crop from ranches of the neighborhood. Only eight of the original charter members are still residents of the district, all prosperous growers now. They are: Taylor Archer, Claude Patrick, Creed Archer, Earl Mathewson, Robert Archer, and Mrs. J. B. Rainer and Frank Elbert. Seventy-five guests gathered for the party.

All came attired in "overalls." A fiddle furnished the music and a square dance, a polka, waltzes and other old-fashioned dances alone were enjoyed.

Extensive preparations are being made for the first annual convention of the Visalia Associated Chapters, which will be given the evening of November 21st in the municipal auditorium. A chicken dinner will be a feature of the evening. The charity committee hopes to secure a good-sized nest egg for the work this winter in Visalia and vicinity.

Alva McPhail, nee Mabel Richards, of Exeter, was the guest of honor at a pretty surprise party at the home of Mrs. Roscoe R. Sparks last Friday evening. A kitchen shower featured the evening.

The home of Mr. and Mrs. Earl Liscomb was the scene of a very delightful dinner party last week when Mr. and Mrs. Liscomb entertained in honor of several Visalians prior to the Mackenzie dancing party in the auditorium.

One of the social events of the season was the dancing party Friday evening at the municipal auditorium given by Harold O. B. Mackenzie of Trenton, N. J., who has been spending several weeks here before leaving again for the East.

Several hundred guests were entertained with dance music imported from San Francisco and Los Angeles, while a dainty buffet chicken luncheon was served. Dancing started at 10:30 and continued until 4 A. M.

The Jinx Club will meet tomorrow evening in the Y. W. C. A. club rooms. A short program will be enjoyed followed by a business session.

**WINTON**  
At the Parent-Teacher Association Friday evening in the school house, after the business meeting and an interesting program was given by the pupils, assisted by Miss Winifred Kennedy and Mrs. Florence Bailey, teachers.

A few visiting speakers were present, among them were Miss Agnes M. principal of the Delhi school; Mrs. W. Puckard, wife of the superintendent of the Delhi Land Settlement at Delhi; Mrs. H. B. Sargent, teacher of the Fruitland School, and Mrs. Hind, president of Parent Teachers' Association of Atwater. All gave very interesting talks on Parent Teachers' Association work and the necessity of co-operation between parents and teachers.

Other visitors were: Mr. and Mrs. H. J. Culbertson and Mrs. E. Lehman of Delhi, Mr. and Mrs. W. Crookham and Mr. A. Pessin of Atwater, Mr. and Mrs. C. J. Crutfield and Mrs. De Lashmut of Fruitland.

After the meeting coffee and doughnuts were served by the committee in charge of refreshments. About 125 were present, nine new members were signed up making a total membership of forty-six parents.

**ATWATER**  
The Parent-Teacher Association met Friday afternoon at the Mitchell School Auditorium. After a business meeting refreshments were served. The third grade pupils won the picture of George Washington given away by one of the business men of Atwater, I. H. Posty is the teacher of the third grade. The school had a contest in which the class having the most members present received the picture.

**WATERFORD**  
The Knights of Pythias and the women of the Tennessean Club have a dance and bazaar December 2nd.

**LE GRAND**  
The home talent negro show given by the Athlete Farm Center in the Athlete Hall was attended by a record-breaking crowd.

operation of the dehydrated tomatoes by the farm house, demonstrated by the dehydrated tomatoes, a guarantee of the show.

Those taking part were: H. R. Smiley, Freeman Jaxon, George Murray, Fred Givens, Floyd McSwain, George Hayes, Dan Thornton, Swain.

After the program lunch, consisting of sandwiches, home-made pumpkin pie, cake, salad and coffee, was served cafeteria style.

WOMEN'S CLUBS OF KERN COUNTY IN SESSION TO-DAY

Many Gather To Observe Reciprocity Day Celebration

BAKERSFIELD (Kern Co.), Nov. 12.—With representatives from every Women's Club in Kern County in attendance, a Reciprocity Day program which has been arranged by the Bakersfield Women's Club will be given this afternoon.

Mrs. W. A. Fitzgerald, president of the club, presided over the program. The California Federation of Women's Clubs will be the speaker of the day.

Meeting 111 will be held in the Plymouth Hall of the Congregational Church, Bakersfield. A Hamilton acting as toastmistress, a representative from each club attending will report on the activities they are sponsoring. There also will be brief talks from present and former state district officers.

By 2:30 the women will adjourn to the club building where a brief reception to the visitors will be held, and for Mrs. Fitzgerald. The hospitality committee, under the chairmanship of Mrs. Garnett E. Adams, will entertain.

Mrs. Hamilton will call the meeting to order at 3 o'clock, and the program will open with two vocal numbers by Mrs. Alvin O. Smith. Mrs. Fitzgerald's address will be the only other number, as it is desired to give the speaker as much time as possible.

**GLOVIS**  
Rehearsals for the Society Circus are well under way. Some local business men are to take parts. Among those to appear are: Hattie Russell, George Phebus, Charles Smith, Mary Jensen, Isola Van Noy, Lincoln Leckpach, Terry Blue, Albert Ambrosia, Mrs. H. Clarke, George Dexter, Olive Brumback, Ed. Coleman, Roda Gould, Eleanor Halliday, Harry Anderson, C. J. Merriman, Giffie Good, Brook Gross, Chalmers Giffen, Duard Howard, Ruth Sanders, Mortimer Peckingham, Ruth Gross, Laurence Diplanito, Marion Barker, Francis Grey, Fay Adams, Ruth Baucum, Mary Gameway.

The musical numbers which are by girls' chorus and men's leads, are in costume. Angel Child Come Back to Playland with Me. Oh Girl in a Gingham Gown. Don't Bring Me Posies When I'm So Shy. That I Need Salvation Lasso of Love. Leave me with a Smile. Something in Your Eyes. When I'm in the Morning. When You Tell the Sweetest Story to the Sweetest Girl You Know.

Mrs. Coroly Stanley is directing the show. The special services under the direction of Rev. Fred Chelan of Christian Church, pastor in charge, have been well attended during the week. The church young people gave a special program Friday evening in the drama of the dramatization of the Book of Daniel and several special songs.

H. E. Stubbs and a delegation from the Christian Church were present with special music with them. Prof. E. S. Bonifacio was the singer.

**REEDLEY**  
Beautiful in all its appointments was a wedding ceremony performed by Rev. E. S. Bonifacio, pastor of the Christian Church, in the Athlete Hall, Bakersfield, for the bride, Miss Emma Peterson, and the groom, William E. Lachmyer, which was solemnized before a large assemblage of relatives and friends Wednesday evening at the Danish Baptist Church in Selma, followed by reception and buffet supper at the church.

Pink roses and white chrysanthemums arranged with smiling white bell with pink ribbon, were suspended from the ceiling, underneath which the ceremony was performed. Rev. N. Nelson read the service.

Mr. and Mrs. Lachmyer left later in the evening for a honeymoon to be spent in the northern cities.

Mrs. Lachmyer is the daughter of Mr. and Mrs. F. Peterson of Selma and has been employed as a bookkeeper for a motor company.

The groom is the son of Mr. and Mrs. J. Lachmyer of Orland, and saw service in the United States Army during the World War. Both young people are well known in Reedley.

On their return the couple will live on a ranch of the groom near Selma.

**LE GRAND**

Musical Interest In Visalia Grows With Prize Awards

VISALIA (Tulare Co.), Nov. 12.—Over \$350 in awards have been announced for winners in Visalia's second annual Music Memory contest now under way.

Announcement of the prizes has stimulated interest materially with the result that twice as many entrants are expected for the actual tests during Music Week, November 13-25. The photograph worth \$150, a violin worth \$100, and three months' music course and smaller prizes have been chosen by the Visalia Choral Society and Community Service which are sponsoring the contest.

**CHOWHILLA**  
Mascons, Eastern Stars and their families gathered at the Masonic rooms for a social time. Rev. Snyder of Merced was the principal speaker of the evening.

Mrs. G. A. Fitzgerald, president of the club, presided over the program. The California Federation of Women's Clubs will be the speaker of the day.

Meeting 111 will be held in the Plymouth Hall of the Congregational Church, Bakersfield. A Hamilton acting as toastmistress, a representative from each club attending will report on the activities they are sponsoring. There also will be brief talks from present and former state district officers.

By 2:30 the women will adjourn to the club building where a brief reception to the visitors will be held, and for Mrs. Fitzgerald. The hospitality committee, under the chairmanship of Mrs. Garnett E. Adams, will entertain.

Mrs. Hamilton will call the meeting to order at 3 o'clock, and the program will open with two vocal numbers by Mrs. Alvin O. Smith. Mrs. Fitzgerald's address will be the only other number, as it is desired to give the speaker as much time as possible.

**GLOVIS**  
Rehearsals for the Society Circus are well under way. Some local business men are to take parts. Among those to appear are: Hattie Russell, George Phebus, Charles Smith, Mary Jensen, Isola Van Noy, Lincoln Leckpach, Terry Blue, Albert Ambrosia, Mrs. H. Clarke, George Dexter, Olive Brumback, Ed. Coleman, Roda Gould, Eleanor Halliday, Harry Anderson, C. J. Celebration Robs Laborer Of Trip To Native Land

OAKDALE (Stanislaus Co.), Nov. 12.—After working for two years as a section hand for the Sierra railway in order to accumulate funds to make a trip to Mexico, the land of his birth, Juan Hernandez left today for his native land.

His departure was celebrated by a party given by the local labor union. Hernandez is a native of Mexico and has been working in Oakdale for two years.

## England And France Fighting Over Spoils

Special dispatches from Europe show that the dealings of England and France with Turkey are delayed while the former allies haggle over terms themselves. France demanding a good price for supporting England just as England drove a bargain with France after the armistice.

France has little to gain directly from the Turkish trouble, while England has much. France therefore uses the negotiations as a means for securing support in the reparations conference soon to be held at Brussels.

In this France is no different from the rest of the European nations.

England does the same repeatedly. So does Italy.

And in the present crisis, as The Bee has pointed out, the League of Nations which was to take an impartial jurisdiction whenever trouble threatened is not consulted at all.

England and France proceed along the same old lines of hidden diplomacy each to secure for herself the last bit of advantage out of every situation, even at the risk of

provoking a serious religious war. The principal enemies of the league of nations idea are the chief members of it.

That is understandable, however, for they formed it for no other purpose than a gesture when it concerned themselves and an instrument of serving their ends when it concerned others.

And while the league sits in all its glory at Geneva, with the United States constantly importuned to become a member, France and England deal with Turkey in the same old way, threat of force against force.

And as long as the game is played in that way the United States would be worse than foolish to permit herself to drop into such weakness that she cannot enforce her just rights through her own power.

When the European nations become sincerely desirous of dealing with the affairs of the world on a just basis the United States undoubtedly will have no selfish plans which would interfere with that. In the meantime she should keep her powder dry.

## Supreme Court Holds Japanese Not White

The United States Supreme Court today handed down a decision whose affirmation that Japanese are not of the white race was a vital point in the protection of California and the Pacific Coast against the inundation of an alien and unassimilable race which would have followed the granting of citizenship to applicants of the Japanese race.

The case involved the application of Takao Ozawa, a Japanese born in Japan, who asked for citizenship after a residence in Hawaii on the grounds that the Japanese are members of the white race.

The original case was heard in the lower court, in 1914, but final decision by the supreme court was delayed during the war for the diplomatic reason that the national administration did not wish to do anything which would be construed by the Japanese as objectionable.

The supreme court decision today in this case was accompanied by an opinion affirming the judgment of the supreme court that two Japanese of that state were not entitled to citizenship because their race is not white.

The ending of the war and the close of negotiations connected therewith freed the court to render the only decision which could be given which would accord with history and ethnology, as well as plain ordinary facts that are of common knowledge.

## ELECTIONS PROVE VALUE OF INITIATIVE AND REFERENDUM

Though late returns and revision in figures may make changes in the passage or defeat of various amendments upon the ballot last Tuesday, the results as at present announced offer another vindication of the initiative and referendum and further proof that the voters exercise discrimination in what they approve and what they defeat.

Individuals scanning the returns may believe the voters should not have passed this measure or should have passed that, but the selections made showed a careful choice.

For the last three or four elections a single-tax amendment has been upon the ballot and each time was defeated by big majorities.

The legislature at its last session allowed to pass without detection the housing act with its prohibition of shingles and the weakening of many sanitary provisions therein.

The people by referendum defeated the measure overwhelmingly. The legislature also passed the lawyers bill and it met a similar defeat.

Nor can it be said accurately that the voters are given to voting No down the list as is so often said, for among the first four measures were three affecting bonds.

The two for soldiers' homes and farms were passed, while the third for the promotion of another state land settlement like those at Durham and Delhi was defeated.

The Bee believes the land settlement act should have been passed, but a difference from the decision reached does not impugn the judgment or the discrimination displayed.

The Bee supported the water and power act strongly, but that it was defeated does not lead it to any judgment that the initiative and referendum does not function properly.

The defeat of the water and power act merely teaches the necessity for additional educational work.

The voters also have defeated numbers ten and eleven which would have taxed publicly owned heating and lighting projects as well as placing them under the regulation of the state railroad commission, which would have been to the great injury of public ownership.

And what the public thinks of the initiative and referendum is well shown by its defeat of the proposal to increase the percentage of signature required for an initiative.

## THE BURGESS BEDTIME STORIES

A Whipped Young Fox

By THOMAS W. BURGESS

(Copyright, 1922, by T. W. Burgess)

Farmer Brown's boy had been detained in the house longer than he had expected to be. He came out just in time to see his two geese waddling straight toward where he had that young fox a prisoner.

It seemed as if his heart jumped right up in his throat. You see, he knew just what that young fox would do if those geese got near enough to him. With a shout he started on a run to try to head them off.

But he was too late. Yes, sir, he was too late. They had not taken more than half a dozen steps when he saw that young fox steel out of his house and start a rush straight at the nearest of those geese.

But right then things happened so fast that all Farmer Brown's boy could do was to stand looking on. You see, the geese, as Mr. Goose is called, hadn't waited for that young fox to reach Mrs. Goose. With a terrible sounding hiss he had met that young fox half way and with a blow from one of his big wings had knocked him sprawling. Then before the young fox could get on his feet again Mr. Goose was right over him.

Such a mix-up as there was. The air seemed to be full of great wings and darting heads, although, of course, there really was only one pair of wings and one head. Mr. Goose may appear to be slow when he is waddling along, but there is nothing slow about the way he can dart the head of his back and forth and beat with those great wings.

The young fox began to yelp. He was yelping from both pain and fright. Perhaps he had not been chained he would have managed to have escaped sooner. As it was, he would no sooner get half way on his feet than he would be sent sprawling again. He began to look to Farmer Brown's boy as if he would have to interfere to save the young fox from that angry gander.

But at last the young fox found a chance to get to his feet and took advantage of it. How he did run! He headed straight for his box, and at his heels, hissing as only a goose can hiss, went the gander. Flapping his great wings to help him along. Into the box which was his house, the young fox raced headlong and there he made himself as small as possible in the furthest corner. He was a whipped young fox, and a frightened young fox, too.

If the young fox was scared, Mr. Goose was angry. There was no fear in him, not a particle of it. He marched back and forth in front of the little doorway through which the young fox had vanished, hissing in a way quite dreadful to hear. He didn't put more than his bill inside that doorway, for it was dark in there and he was too wise to take any chances. The young fox couldn't understand what Mr. Goose was saying when he hissed, but he knew that he meant. He knew that those hisses meant that that gander would do dreadful things to him if only he had the chance.

Farmer Brown's boy didn't interfere for some time. You see, he wanted that young fox to be so thoroughly frightened that he would never again try to catch one of those geese, and he hoped that he would never again try to catch a hen. But at last he took pity on the young fox and drove the angry gander away. Then he called to the young fox to come out, but the young fox wouldn't. No, sir, he wouldn't. He was too frightened to come out. He was so frightened that he didn't so much as poke his little black nose out again that day.

The next time Farmer Brown's boy let the hens and the geese out of the henyard that young fox went into his house and stayed there. Never again so long as he was a prisoner when he came out of his house, while the hens and the geese were outside the henyard.

The next story: "The Young Fox Gets Away."

Prohibitionists will doubtless call this decision another victory for the sacred cause, but it would be well for them to scan carefully the report of the dissenting justices. It would be well also for them to read between the lines of last Tuesday's election returns. These show, like the Michigan supreme court, a minority opinion as yet; but they also show the beginnings of a reaction against stupid and vicious tyranny.

As a matter of fact, this Michigan decision is not nearly as much of a dry victory as it looks at first sight.

An old sea captain, who arrived at Redondo the other day by way of the Panama Canal, says that off Balboa he saw and recognized a monster shark, well known to sailors thirteen years ago as Tobacco Bill, and that the fish was as "sneaky" as ever.

Bill gets his beef, it appears, because of his fondness for plug tobacco soaked in rum, Dutch fashion, a fondness which quite weakened him from his prime partially for sailor meat.

Another example of the truth of the old saying, that "there's no accounting for tastes."

## CAN HE GET HIM BACK INTO THE CAGE?

## Can You Tell?

By R. J. and A. W. HOMER

No. 24—Why Some Billiard Players Try to Influence Their Shots by Moving the Body.

We often see a pool or billiard player move his body in a rather grotesque fashion after making a shot, and before its execution is complete, as if the movement of his body could have any effect in helping the accuracy of his marksmanship after the shot had been made.

Nothing, of course, in the way of a body movement, short of actually touching the moving balls, with some part of the body, could have any possible effect on the ultimate direction of the balls. The practice is so common, however, that it has become known among pool and billiard players as "body English."

Such a movement can only be attributed to habit. When man has wished to move an object to one side he has always pushed it to that side. If he has wished to move an object in front of him further away, he has pushed it. When desiring to bring an object closer to him, he has always pulled it. For that reason alone, when a man playing pool or billiards, sees his ball taking a wrong direction, it is difficult for him, because of long habit, to avoid, though perhaps unconsciously, performing the movement of pushing or pulling which he has found effective in other cases.

He does not move his body or attempt to help the accuracy of his shot when his observation tells him the ball is moving accurately in the direction desired.

Copyright, 1921, by Public Ledger Company.

## Merely Some Private Thinks By C. K.

Much is written concerning the impossibility of a cabinet member or one of the national legislators living in Washington upon his salary, "if he attempt in any way properly to fulfill those social obligations they all necessarily must meet." All of which is the rankest nonsense.

The citizenry elect senators and representatives to attend to the duties of the nation in their respective houses, not to sacrifice the country's interests to the demands of Society.

And members of the cabinet are not expected by sensible Americans to neglect their work and go in debt in order that their wives and daughters may cut a wide swath in Washingtonian snobocracy.

Of course, that is not the view of those who declare themselves "best fitted to judge in these matters," who talk and act as though "social obligations" rightly impose far more of a duty upon representatives of The People than do a conscientious attention to the duties of official life, and an honest, and tireless observance of election promises.

The truth is the worst temptation public servants have to fight in the national capital is the lure of a selfish, snobbish, egotistical, hypocritical, envious and backbiting Society; a lure that induces representatives of The People to neglect their duties and plunge into debt in order that their wives and daughters may circle like blind and foolish moths around the Society candle.

The evil has grown to be so all-pervasive in Washington that probably a majority make more of a goddess of Society than they do of the national interests.

Many good officials have been wrecked on this social rock. They have listened to the siren voice, have neglected their public duties, have borrowed money and plunged head over heels in debt.

And then they have resigned public office and have sold themselves at a big salary to some trust at deadly enmity not only with the public interests, but as well with the public honor; and have published it abroad that the government does not pay its servants sufficient to enable them to hold their position, attend properly to their "social duties," and maintain their self-respect.

And so they become belly-crawling toads to wealth and Benedict Arnolds to the nation at which they sneer while they puff themselves up as though swollen with pride in their own degradation.

Times have changed since the days of Jeffersonian simplicity.

And certainly public officials cannot be expected to live now on the salaries paid them.

But they certainly can on those of to-day—provided they do not sacrifice everything in a mad race to kneel at the feet of an arrogant, self-worshipping Society, whose egotism and whose shames might provoke more indignation if they did not first induce so much laughter.

Oswald Townbee Falk is a British economic expert who was attached to the British treasury during the war, and was one of the delegates to the Peace Conference in 1919.

In a magazine article he writes:

While British expert opinion has not yet formed a view as to the best possible reconstruction of the debts, I think there is little doubt that it leans toward complete cancellation.

To be sure.

Any heavy debtor anywhere would be in favor of entire forgiveness on the part of the creditor.

## SCIENCE SIMPLIFIED

Conducted by EDWIN E. SLOSSON, Ph.D., M. S. (All Rights Reserved by United Features Syndicate. Reproduction Prohibited.)

RED GLASS AND HUMAN LIFE

There is a deal of comfort in the feeling of safety, and night by night our safety depends upon the red light. Now in the auto tail light, now in the lantern beside a danger spot, and now in the signal lights of the railroad yard the bit of red glass gives information which makes safety and comfort possible.

This was not always the case before chemists showed how selenium could be used in glass to cause all the spectra but the red to be "absorbed" by the glass. Previously the red glass allowed other rays to pass because of the materials used to impart the color, and scientists describe such glass as non-spectroscopic red. Such tests are made sure by the spectroscopic test that optical instrument which breaks the beam of white light into the spectrum, and afford means for establishing constants for materials the spectrum lines of which denote their presence even in the stars.

On at least one occasion an engineer of long service was under test for color blindness in the course of regular routine, when, to the surprise of all, certain red lanterns appeared as red and then green and then red again at different distances from him. This was due in part to defects which had developed in the engineer's vision and to a large measure because, in addition to the red bands of the spectrum, the glass let through a part of the green bands. Glass is the color of the transmitted and not of the absorbed light, so that under the peculiar conditions apparent change in color was possible. Selenium glass is a spectroscopic red glass, and anyone who can distinguish red at all will always see such glass as a brilliant, decided red.

This contribution to our comfort would have been greatly delayed but for the desirability of finding uses for by-products in the smelting of copper. The two of greatest interest are selenium and tellurium. The last named is so far entirely out of a job, besides being a black sheep in the chemical family. Selenium is doing useful work, although thus far the demand for it has been much less than the supply.

Recent researches indicate new fields of usefulness for it, but there will always be enough to provide us with red glass that is really red and known to be safe by spectroscopic tests.

Recent researches indicate new fields of usefulness for it, but there will always be enough to provide us with red glass that is really red and known to be safe by spectroscopic tests.

This contribution to our comfort would have been greatly delayed but for the desirability of finding uses for by-products in the smelting of copper. The two of greatest interest are selenium and tellurium. The last named is so far entirely out of a job, besides being a black sheep in the chemical family. Selenium is doing useful work, although thus far the demand for it has been much less than the supply.

## Public Thinks

Readers of The Bee are invited to express through this department their opinions on all subjects, including The Bee. No attention will be paid, however, to anonymous communications. The writer's name and address must be included FOR PUBLICATION, unless it is clearly stated that the matter is to be treated as an editorial or as a personal matter, in which case the writer's name will be omitted. Letters must be limited in length to 250 words. If they are not, the Editor reserves the right to cut them down to that limit. It is emphasized that this column belongs to The Bee, and that nothing will be published from it or account of conflict with The Bee's editorial opinions, but The Bee expressly disclaims responsibility for all sentiments expressed herein.

A SUCCESSFUL FAILURE.

Editor, The Bee—Sir: We have had our first skirmish in the campaign begun at the 1920 public convention of the League of California Municipalities, to conserve, develop and control the waters of the state for the use and benefit of the people. The result was not unimportant.

The undertaking was so large, the opposition so unscrupulous, so well organized and well financed, that it was not surprising that a majority of the people were misled into voting against the water and power amendment, against their own best interests and against the best interest of the state.

Tuesday's defeat of the water and power amendment may, however, be regarded as one of the most successful failures in the political history of the state. The supporters of the measure have no reason to be discouraged; its opponents have no cause to feel elated.

The returns show that approximately 360,000 Californians voted for the measure. The citizen who voted for the measure, notwithstanding the fact of the misrepresentation of it, did so after a thorough consideration of its provisions, and from intelligent conviction.

Every one of these 360,000 Californians voters, representing every community in the state and every walk of life, will from now on be a dependable worker for the water and power amendment, which under the most adverse conditions possible, he supported at the polls on Tuesday.

On the other hand, the opposition has gone the limit of its resources. The machine which the power companies have built up can never do more to defeat a measure than it did in this year-and-a-half campaign against the water and power amendment. The public now has the measure of that machine. In the next campaign the machine's activities will be recognized as they could not be recognized in the campaign just completed, and its work discounted.

Thus, Californians who are seeking to save from exploitation the state's best asset, its water resources, resumed their campaign on November 8th, strengthened by an ethical victory.

Yours respectfully, C. W. FOX, Executive Director.

TRUSTEES' LIABILITY

Editor The Bee—Sir: In view of the continued disturbance in the temple of education over the alleged liability of school trustees the following suggestions seem to be in order:

1. Some one should be responsible for accidents arising from negligence. Trustees cannot afford to take this liability on themselves.

2. It should be borne by the state as a whole.

3. This can be easily managed by having the pupils in the state fund, just as the trustees now insure teachers and janitors. The legislature should amend the state insurance law to provide for this.

Yours respectfully, C. W. FOX, Caruthers, Cal.

November 9, 1922.

THE RED CROSS

(From San Diego Union.)

The Red Cross is an organization worthy of the support of every citizen. Every dollar of its income is devoted to the purposes of the Red Cross, and its work is plain and simple. Its purposes are beneficent and charitable and they are entirely free from the taint of selfishness and the suffering of our people.

Among these is aid furnished to disabled veterans of the war, their dependents and families—a work that cannot be adequately performed by any other agency.

The Red Cross is on duty at all times and responsive to every call. It is always the first in the field in every disaster of magnitude, and the last to leave the scene of distress.

There is no department of the federal government available in these emergencies and local relief is frequently inadequate.

The Red Cross commands the confidence of the American people because in no instance has it ever betrayed the confidence. It has never been accused of misusing the funds entrusted to it even in error of judgment or through the incompetence of its agencies. It has always pursued its appointed tasks with diligence and sympathy. It has never made a mistake or brought itself under the censure of public criticism of its acts. It has excited no envious or jealousies. It has always been the friend of the good.

The Red Cross is the Samaritan of the age and the nation.

ONE OF THE MARVELS

(From Waterford News.)

One of the marvels of journalism is the bursting forth, like some ancient god, "Tut! Tut! Tut!" for war, the case of the new San Joaquin Valley newspaper, The Fresno Evening Bee.

In make-up, style and in every particular, it is the exact counterpart of its parent, the Sacramento Bee, and under the same management, the McClatchy, father and son, famous and able newspapermen, since the earliest days of California history.

The Fresno Bee will do for the San Joaquin Valley what has been and is being done by the Sacramento Bee for Superior California.

It is able, fearless, and usually is on the right side of all questions. On the other side of a newspaper in California, the Fresno Bee has a wide-awake and energetic force of community correspondents, who make a wonderful story day by day, of all happenings throughout the big valley.

Anyone in the Great San Joaquin Valley or who is outside anywhere, and is desirous of keeping in contact with all its activities, should become a subscriber to this really great newspaper, The Fresno Bee.

NEW AND ALBERT

(From Baltimore Sun.)

Not without the disapproval of some of its neighbors, The Fresno Bee has enhanced publication and secured the welcome that belongs to a newspaper which is doing its duty. The opposition to it rests upon the assumption that The Bee will be "wet," and the paper does not deny the charge in its entirety. It even
